# Integration Modernization with ASAPIO

**End-of-Life for SAP PI/PO**

SAP will discontinue the maintenance for its Process Integration (PI) and Process Orchestration (PO) by 2027.

It will therefore be necessary to migrate all existing integration scenarios to a succession solution, in order to ensure a safe process flow.

**What we offer**

ASAPIO offers a consulting service to help with the assessment of migration options in an easy and uncomplicated way:

- Practical showcases & demo
- Analysis of the integration scenarios on customer systems
- Comparison of migration options and selection of the most suitable integration approaches
- Modernization towards cloud-native and event driven architecture
- RISE with SAP compatibility and use of the clean core paradigm

**Benefits**

- **Experience:** ASAPIO offers 20+ years of experience with SAP solutions and is a leading partner on integration topics
- **Early risk assessment:** By analyzing the existing scenarios ahead of time, risk migration can be assured
- **Flexibility**: ASAPIO will recommend the best available integration scenarios out of a wide array of options
- **Modernization:** ASAPIO's close partnerships with major integration platform providers ensure you modernize to appropriate, future-proof platforms

**Next Step**

Contact ASAPIO and request our integration modernization services
